Warning Signs of Hazing in Your Organization

- members justifying an activity by saying “it’s tradition”
- the presence of alcohol
- secrecy
- peer pressure for everyone to participate
- singling out an individual or specific group
- miscellaneous bad judgment

Conduct an organization “self test”:
- Would we be ok with this being in our city or campus newspaper?
- Would we perform this activity in front of our parents or a University administrator?
- Does this activity involve criminal acts? (Including minors consuming alcohol)
- Would we be prepared to go to court to defend the merit of this activity?
- Have we had a close call?
Remember, hazing is a form of abuse.

See if you can identify which of the following activities are hazing:

- Forced consumption of alcohol
- Forced consumption of large amounts of water
- Push-ups, sit-ups or other calisthenics
- Signature books or paddle signatures
- Scavenger hunts with time limits or for meaningless or irrelevant objects
- Cleaning organizational or other members’ properties
- Running personal errands for members
- Paddling or physically striking in any way
- Purchasing items for group members
- Capturing or kidnapping members

If you identified all ten of the activities as hazing, YOU ARE CORRECT!

“I know it’s wrong, but I had no way to stop it.”

What can you do?

Don’t be a bystander; take a stand against hazing. ALL members have to be willing to speak up.

Seek advice:
- call an advisor
- call the Hazing Hotline (626-HAZE)
- ask others who aren’t involved in the activity
- talk to parents or someone you trust
- call 911 if there is an immediate threat
Or, call the Center for Student Involvement & Leadership ahead of the event to get advice on planned activities.

“Hazing” means any intentional, knowing or reckless act committed by a student, whether individually or in concert with other persons, against another student, and in which both of the following apply:

1. The act was committed in connection with an initiation into, an affiliation with or the maintenance of membership in any organization that is affiliated with an educational institution.
2. The act contributes to a substantial risk of potential physical injury, mental harm or degradation or causes physical injury, mental harm or personal degradation.

It’s not a defense to say the hazing victim consented.

All UA students, staff and teachers are required to take reasonable measures to prevent violations of the hazing policy and to report violations.

So what is the definition of hazing?
